Narrowboat - 'Valkyrie' - 42 ft Cruiser Stern - £12,500

Mid Devon Moorings
Orchard Farm

Tiverton, EX16 4NJ

pat@middevonmoorings.co.uk

T: 01884 252178

M: 0774 900 1631

Built: 1968 by Shropshire Union Fly Boat Co.

BSS Certificate: To June 2027

Boat Licence: To September 2025

Moored: On lock free Grand Western Canal, in a beautiful part of Devon .

Present Pleasure Mooring: By separate negotiation.

Hull: Valkyrie was last out of water 2022 and was blacked with 3 coats of Bitumen and Anodes replaced. Previous to that she had a complete re-fit in 2014. At that time, her bottom was over-plated and blacked all round. With a complete strip out, including the floor, it enabled the inside of the hull to be blacked from end to end before the wall linings and floor was replaced. She was then re-fitted and insulated and is now lined out with painted ply boarding. There are just a few remaining minor jobs that will need to be finished off internally, but all the hard work has been done.

Inside:

Saloon: From a large cruiser stern deck, you enter the Saloon down steps with a wood burner on the left. There are 2 loose chairs and a table, and a floor standing wall cupboard unit.

Bedroom: Going to the left side, a passage enters the fixed double bedroom which does requires a new fitted mattress.

Toilet/Shower: The passage continues past a door to a separate toilet/shower room on the right, which is tiled floor to ceiling, with no expense spared in the re-fit. She does require a new water heater, easy connection with all pipes already in place.

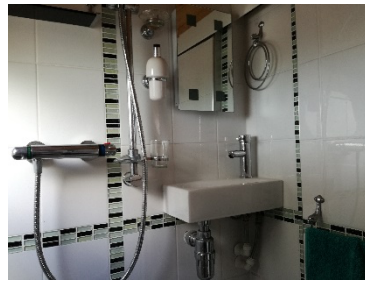

Galley: Passing the shower room, you enter the Galley, with a 2-burner hob and sink unit, both with glass cover tops to facilitate working surface. There is storage shelves and cupboards, and a window either side, as well as a leaded light window looking forward out over the bow. She is fully kitted out with all equipment and ready to go.

Outside: Valkyrie has a unique slipper shaped wooden superstructure with a Steel hull. For full Winter protection she has her own shed! Her full-length purpose made, green canvas cover (including framework), protects the complete wooden top during the winter months, there are also separate bow and stern deck covers which were new a year ago.

Engine: Lister RS2 12hp, air cooled which has been completely refurbished a GREAT sounding engine! with starter motor, alternator, bilge pump, and has one starter battery (new 2 years ago) and two leisure batteries.

Extras: Included in the sale is the entire contents of the boat from kitchen utensils to tools and paint. Also included: Pole, hook, gangplank, fenders, mooring pins, bow search light and solar panels and many extras.

A Very Pretty Boat Inside and Out, being painted in traditional Canal 'Roses and Castles', and being from the older breed, she has plenty of character. She is looking for a 'Very Special Owner' due to her wooden superstructure, who will be sympathetic towards her maintenance needs due to her age, and who enjoys TLC and DIY, as much as the delights of cruising! She **MUST** be seen to appreciate the love and workmanship that has been lavished on her over recent years. She is very reluctantly for sale due to ill health.

The Grand Western Canal is a designated Country Park, is 10 miles long and landlocked with no locks at all.

Mid Devon Moorings provides peaceful country moorings in the West Country, and is situated 4 miles from Tiverton and 6 miles from the M5, J27.
